Negocio avícola y de producción de huevos

Busca un socio inversor para ayudar a ampliar el negocio existente de producción de aves de corral y huevos. La empresa se dedica a la cría y transformación de pollos, pavos, huevos y productos cárnicos relacionados. La inversión propuesta se destinará a varias iniciativas clave destinadas a aumentar significativamente la capacidad de producción y las operaciones derivadas.

Concretamente, el capital se utilizará para adquirir primero parcelas adicionales aptas para uso agrícola. En este terreno recién adquirido construiremos una nueva granja de pollos de engorde centrada en la cría de pollos y pavos a escala comercial. Al mismo tiempo, los fondos de inversión se destinarán al desarrollo de un complejo de procesamiento y envasado de carne de última generación. Esta instalación procesará aún más el pollo, el pavo y los huevos crudos para convertirlos en productos de valor añadido, como salchichas y otros artículos preparados listos para su distribución.

Los fondos también construirán la infraestructura de transporte necesaria para trasladar eficazmente aves vivas, materias primas y productos acabados entre nuestras instalaciones y a los clientes. Se creará un nuevo centro de distribución al por mayor que servirá de centro de distribución de pedidos y entregas de última milla.

Por último, se busca inversión para construir un canal de venta online y las correspondientes integraciones de la cadena de suministro. Esto permitirá que nuestra cartera de artículos de aves de corral, huevos y carne se coticen y compren directamente a través de mercados y plataformas de comercio electrónico utilizados por los principales supermercados e hipermercados.

En conjunto, esta expansión tiene como objetivo posicionar a la empresa como un proveedor líder totalmente integrado verticalmente en la región
